

# K300

## Mobile Dispatch Console

K300 is a all-in-one mobile dispatch console, supports LTE, Wi-Fi and wired network communication, dispatching management and which has strong flexibility.

It can provide flexible daily communication and command dispatching capabilities for enterprises and units with mobile dispatching needs.

13.3" Display

4000mAh

Video Call

Portable and Flexible

Dispatching Based on GIS Map

## Key Features and Benefits

- **Multiple Networking Modes**

It supports 4G, WiFi, and wired network access. With multiple networking options it provides users with stable and reliable voice communications.

- **All Call Types**

It supports multiple voice call types, including individual call, group call, temporary group call, monitor voice calls of 4 groups at the same time. The console supports recording all voice calls and playback.

- **Portable and Flexible**

The PoC dispatching station, palm microphone, printer and other functions are integrated into a large screen touchpad to become a portable mobile dispatching station. The equipment is light and portable and convenient to carry; it requires minimum space occupation and maintenance costs.

- **Easy Operation**

13.3-inch large size touch screen, clearer info display, more convenient operation.

- **Dispatching Based on GIS Map**

The portable devices, vehicle-mounted radios, body worn cameras, and other terminal devices are displayed on the map in real-time. Click to pop up the complete information about the device. It supports map-based voice and video calls, short messages, frame selection, geo-fencing and circle selection.

- **Rich External Ports**

With HDMI interface, it supports access to the large screen of the dispatching center. It connects to the mouse and keyboard for easy operation with multiple 3.0 USB ports; With SP interface, it supports the connection of external speakers.

## General Specification

Network Access	Ethernet Port( RJ45)/4G/WiFi
LTE Frequency	FDD-LTE: B1/B3/B7/B8/B20/B28A TDD-LTE: B38/B40/B41
Battery	4000mAh
Display	13.3" inch, 1920*1080P
Memory	16GB
Disk	1TB
Interface	3.0 USB*4, HDMI*2, COM1 RS232/485*1
Camera	1080P
Speaker	5W
Operating voltage	DC 12V
Wi-Fi	2.4GHz & 5GHz
OS	Windows 10 64-bit
Operating Temperature	-20°C ~ + 60°C
Storage Temperature	-25°C ~ + 65°C

All specifications are tested according to applicable standards, and subject to change without notice due to continuous development.

## Accessories

Handheld Microphone

Power Adapter

## Applications

Fire Emergency

Police

Army

Medical Treatment
