

## K60 K65 PoC Portable Radio

Large capacity battery

Single/Group call

Loud Speaker

Cloud SIM

- Global PTT Service
- Support NFC, Bluetooth and Wi-Fi
- Professional Appearance for Commercial Users
- Easy-to-deploy & Easy-to-expand Network

## Highlights

### Global PTT Service

Users can use PTT service globally via public mobile network.

### NFC(optional)/ Bluetooth/ Wi-Fi

Bluetooth and Wi-Fi provide flexible ways of using PTT service in various working environments. NFC brings more possibilities for extensible application, such as patrol system.

### Cloud-SIM for More Flexible and Stable Networks

Automatic network selection, eliminating APN settings and minimal network instability.

### Flexible Call Features

K60 provides various call types, such as private call/group call/all call/alarm call. It supports real-time storage of recordings to local and one-click playback or download on-line recordings through the dispatch platform.

### AI-based Noise Reduction

Filter surrounding noise to deliver clearer and high-recognition voice.

### High Audio Output

K60 provides clear and high audio output, which is suitable for users in noisy environments.

### Multiple Dispatching Services

Working with dispatching platform, K60 provides functions such as stun, kill, revive, Geo-fencing and track playback. Relevant applications can be developed to provide specific business solution.

## Specification
